

15 June 2023

**Important Dates for: Stop-Production and Stop-Sale of GM Dexos™2 Engine Oil and Related Information About GM Dexos™D Engine Oil**

This letter serves to announce the following important dates regarding General Motors' plan to sunset our Dexos™2 specification:

- **1 July 2024:** the **stop production** date for all GM-licensed Dexos™2 engine oils.
- **1 July 2025:** the **stop sale** date for all GM-licensed Dexos™2 engine oils.

Please note that the GM Dexos™D specification (GMW18006) is complete and available for purchase on [Search Results | S&P Global Standards Store \(ihs.com\)](#). GM Dexos™D will be the specification to meet for engine oil to be considered suitable for use for GM diesel engine applications. GM Dexos™D replaces GM Dexos™2 engine oil for use in GM diesel engine applications.

You may apply for certification of your GM Dexos™D engine oil at any time via: [dexos Licensing site \(dexossubmission.org\)](#).

Sincerely,

**Garret Paul Bien**
