REPORT PACKET REVISION NOTICE: GMOD-20201021

VERSION: 20201021

EFFECTIVE DATE: 20201030

DATE: October 22, 2020

TO: GMOD Development Task Force

FROM: Richard E. Grundza

Recently, the GMOD Development Task Force agreed to add three analytical results and also two critical parts to the GMOD report packet. Forms 4 and 12 have been modified to the add analytical results (evaporation loss, kinematic viscosity and HTHS at 150 °C) and to show the rocker arm and valve spring part numbers. Version 20201021 is available from the GM Test Data Center (<https://gmtdc.org/>) and is effective October 30, 2020.
